

David Byrne and St. Vincent made a record together last year, called ' [Love This Giant](#) '. After a short tour through the U.S. and Australia they will now do a longer tour in the U.S. and Europe this summer. As an appetizer for the shows, the duo released a 5-track ep called 'Brass Tactics'. The EP has one song that didn't make it on the record (a waltz featuring some lovely glass harmonica), a couple of energized remixes of some of the album tunes and two live tracks, including Talking Heads classic 'Road to Nowhere'.

Tracklist:

1. Cissus (Previously unreleased track)
2. I Should Watch TV (M_Stine Remix)
3. Lightning (Kent Rockafeller Remix)
4. Marrow (Live)
5. Road to Nowhere (Live)
