

The third part in the "Dark Side of Disco" series contains tracks by both Tom Tom Club and David Byrne. DSOD combined obscure 80s underground music with hard to find original 12" versions, reprinted on (bootleg) vinyl only. The first part, released two years ago, featured Talking Heads' "Once in a Lifetime". The recently released part 3 features the original "Dance Mix" of David Byrne's "Big Business" and Tom Tom Club's "Lorelei (Instrumental Long version)".
